DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9, 11-13, 40-41, 46-54 and 56-80 allowed.

The following is an examiner's statement of reasons for allowance: Independent claims 1, 47, 50, 57, 59 and 70 when considered as a whole, are allowable over the prior art of record. Specifically, prior art of record fail to clearly teach or fairly suggest the limitations " ...scrolling the scrollable area; in response to at least a portion of the materialization entity being scrolled out of view in the scrollable area, displaying the materialization entity, at least in part, in the materialization area, wherein the materialization area is separate from the scrollable area; and in response to the materialization entity being scrolled back into view in the scrollable area, removing the materialization entity from the materialization area". The dependent claims further add limitations to the allowable subject matter of the corresponding independent claims; thus are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
